STATE NORMAL SCHOOL  
PLATTSBURGH - N.Y.

# F O R E W

This book, the creative effort of the Class of 1935 of Plattsburg State Normal School, is an attempt to perpetuate and preserve for future pleasure the chief features, activities, and faces that have made this school year a memorable one in the campus history of our school. With the sincere hope that those who read and peruse these pages may be able to renew their youth and relive the moments here reflected, the Class of 1935 presents the twenty-first edition of the Cardinal.

## THE STUDENT COUNCIL

### OFFICERS

W. LEE KNIGHT.....	President
JANE WRIGHT .....	Vice-President
BEATRICE TAYLOR .....	Secretary

The Student Council originated in 1932 in response to a felt need on the part of the student body. A need of cooperation on the one hand of all the classes and a more vital contact with the faculty and the administration in making the school play the proper role in the community.

This body also has charge of administering the funds resulting from the fee which is charged each student each semester. This money is apportioned by the Student Council in various channels by means of a budget. The distribution of the budget is governed by the importance of the purpose for which the money is to be used. The Council tries to allocate the student fees so that the money will do the most good for the greatest number.

The Council, at this time, is composed of three representatives from the Senior Class, two from the Junior Class, and two from the Freshman Class, all of whom have voting power. The two faculty representatives are appointed by the principal and have no voting power.

The Student Activities Committee acts as a general advisory council in arranging all social affairs taking place in the school and also conducts the entertainment lecture program sponsored by the administration.

Our biggest task was to make and carry out plans for an all-school Christmas program. It included an assembly program in the morning put on by Miss Williams' Seventh Grade, a candle light service in the afternoon, and finally at night a big party for all the students.

## SENIOR CLASS HISTORY

It is hard to realize that our stay at Plattsburg Normal is now almost completely "history." But history it is, and like all important events it must be recorded. There is no worthier place to contain this record than our own 1935 Cardinal.

When we entered Normal in September 1932, few people except ourselves realized what an exceptional group we were. So successful were we in camouflaging our superiority with greenness, that the upper-classmen were really surprised when the biggest project we undertook that year was an overwhelming success. What Mid-year wouldn't be a prized memory, when it drew almost two hundred couples to dance to the music of Freddie Lynch and his orchestra.

That's about all we were given a chance to accomplish that first year, but as Juniors in 1933-34, we occupied a position more nearly suited to our abilities. We elected the same officers who had served as Freshmen, namely: Verfield Graves, president; Jane Wright, vice-president; Marjorie Ingalls, secretary; Walter Gonyea, treasurer, and again we were ably guided by Mr. Noyes, to whom we owe a great deal for his advice and co-operation in the two years he was with us.

As Juniors we put on two assembly programs of merit, besides shining in the social field by giving the Frosh a party, and the Junior Prom.

About ninety enrolled as Seniors in September, 1934. We organized with the same officers with the exception of Margaret Ryan as Secretary in place of Marjorie Ingalls who did not return to school. We also suffered the loss of Mr. Noyes, as Class adviser, as he took a year's leave of absence for additional graduate study. Mr. Diebolt, our new guardian, has taken a great interest in us and our problems, especially the Year Book.

As cadet Teachers we have again shown "what excellence within us lies." This is the biggest job we had and we are justly proud of our high rating in the field of our chosen profession. In school we have also been active, presenting an educational and amusing sketch on naturalization. We are planning another program which will surpass anything we have yet done.

Now we are looking forward to June and graduation both from the festive and serious points of view. We are planning elaborate commencement activities and, with the aid of the undergraduates and the teachers, will make this a memorable occasion to us and to our friends.

In parting we wish to thank all our teachers and fellow students for all the pleasures and benefits derived from our association with them during the past three years.

## JUNIOR CLASS HISTORY

With a new building and a new principal as an inspiration the Class of 1936, with one hundred four members, began its career at Plattsburg Normal. The first week of school, a picnic was given at the beach where we became better acquainted and now felt that we were really a part of the school.

At our first class meeting, Edgar Buckley was chosen to lead us, with June Gettys, vice-president; Harold Shubert, treasurer; and Joyce Magoon, secretary. For "just freshmen" we proved to be very wise indeed in the choice of a faculty adviser. All the success which we achieved during our first year was due to the efforts of our capable and inspiring adviser, Mr. Rusterholtz.

The first exhibition of the talents of the class was displayed at a party which we gave to the Juniors and Seniors after we had been delightfully entertained by them.

Our real social event of the year was the Mid-year Hop which was ample reward for the hard work of the various committees under the leadership of Harold Shubert.

Class Day brought us to the end of a most successful school year as we moved into the places of the Juniors. We were very sorry to hear that Mr. Rusterholtz would not be with us the next year but hoped that he would not forget us in his absence.

September found us very much the same as before, but minus the enthusiasm characteristic of our freshmen days. The school seemed very different with the various changes which had been made in the faculty and the higher position we now occupied. Our appreciation was shown for the fine work of Edgar Buckley by his reelection as president of the class. The other officers elected were Harold Fayette, vice-president; Harold Shubert, treasurer; and Joyce Magoon, secretary. Mr. Knehr was chosen as our faculty adviser and has given us marvelous support and aid in all our problems. We now boast of being the only class in school with a written constitution.

The first activities of the year were practically the same as those of last year, with a picnic at the beach, a party for the Freshmen given by the Juniors and Seniors, and a return party given by the Freshmen.

Our most important undertaking of the year, the Junior Prom, does not come until the end of the year. Some of the committees have already been chosen, and we shall do all we can to make it a success thus bringing to a close the second year of our career in Normal School.

## FRESHMAN CLASS HISTORY

In September, 1934, Plattsburg Normal welcomed under its domes a new group of one hundred five Freshmen.

During the first week they were busily occupied asking what to do and what not to do. The questions were readily answered by Mrs. Florence Miller, Dean of Women, and by Mr. Alfred Diebolt, who had taken this group under their direction. The Freshman Class takes this opportunity to thank them for their assistance.

About two weeks later the class assembled for the purpose of electing class officers and a faculty adviser. Dr. Silas O. Rorem, who has given his help in all freshman undertakings, was selected for the latter position. The choice of officers was as follows: Howard Ingalls, president; Virginia Dustin, vice-president; Carlton Bell, secretary; Marian Walton, treasurer; Ralph Steltzer, Cardinal representative.

Late in October the Freshman Class gave a return party to the upperclassmen to express appreciation for the reception to them earlier in the year. This was their debut as social entertainers at Normal, and it was highly praised by the guests.

In January they met their first obstacle, "Mid-years," but they rode them safely, coming through with an unusually low percentage of failures.

On February 21, 1935, they presented an assembly program in the form of a radio broadcast. The program was primarily instrumental. This successful event was followed on February 22, by the annual mid-year hop, sponsored by the Freshmen. Every effort was put forth to make it a success long to be remembered.

The second semester moved quickly from January to June. Parting with those Seniors, with whom the Freshmen had been closely associated, took away some of the happiness of looking forward to the summer vacation.

The Class of 1935 appreciates the courtesy and encouragement given by the faculty throughout the year. We hope that later years show that those efforts have not been fruitless.

## DELTA TAU CHI FRATERNITY

The school year which is drawing to a close completes the seventh chapter in the history of Delta Tau Chi. In the fall of the year 1934 a party was held for the male members of the school and an enjoyable time was had. A reimbursement of the treasury being necessary a card party was also held during the early part of the year.

After the Seniors left for "off campus" work the Juniors carried on in a most commendable way, their most important effort consisting of staging the assembly program. After the Potsdam-Plattsburg basketball game the fraternity sponsored a dance. The junior members gave the senior members a pot-luck supper on their return from their work as cadet teachers.

The most important event of the year was the next step, the choosing of new members. After much deliberation, sixteen new members were chosen to undergo the horrors of initiation. We were not disappointed in the members. Two honorary members were also admitted to our band: Dr. Rorem and Mr. Knehr, both members of the faculty.

Plans are now under way for the annual spring banquet at which we all hope to have a grand time, and thus complete a most successful and enjoyable year for D. T. X.

## DELTA CHAPTER OF ALPHA KAPPA PHI

Joyful voices, musical laughter, and gay welcomes announced the return of the girls to Ago House for another prosperous and eventful year. We were happy to have with us Miss Ketchum, of the faculty, who has wisely guided and encouraged us throughout the year.

To begin our activities, we gave a tea welcoming back the old members of the faculty and greeting the new. In quick succession we enjoyed the fun of having an assembly program, card party, and rummage sale.

A Barn Dance announced the opening of rush season, and our social calendar for the next few weeks was crowded with parties at which we became better acquainted with the freshmen. This was brought to a climax by a formal banquet at the Cumberland, followed by a dance at Ago House and the pledging of nineteen girls. Then came Formal Initiation with its dignified ritual.

We still hear happy voices chattering about exams, dances, and farewell parties, but these voices sadden a little as they bid goodbye to the faculty, schoolmates, and Normal. And now success to you, Sister Agonians, and to you, Miss Ketchum, our good wishes always.

## DELTA CHAPTER OF CLIONIAN SORORITY

"To these I turn, in these I trust." How well this expresses the sorority girls' feeling for each other! In work and in play we have remained true to ourselves and our sorority.

Delta Clio celebrated its return this fall by a picnic, all members rejoicing at being together once more. Then in a more formal mood we joined the alumnae and had a covered dish supper in the cafeteria. At this, plans for the year were discussed.

Under the direction of Ora Lord our first assembly program, a comedy, "Let It Burn" proved to be one of the hits of the year. This same week rush began, affording never to be forgotten evenings of greatest enjoyment to all who participated.

After mid-years we had our formal banquet and dance at which we pledged six girls. Miss Detraz and Miss Wyler of the faculty being admitted as honorary members.

Our second assembly program, a dramatization of "The Princess" by Tennyson was as successful as the first program. We are now looking forward to our second pledge and the farewell banquet to the Seniors.

The saddest part of the whole year is yet to come, graduation and farewell to our senior sisters. May we never lose track of them, and may they always remember our motto in any relationship they may enter: "To these I turn, in these I trust."

### THETA CHAPTER OF ALPHA DELTA

We Alpha Delta's feel that we have been blessed with a year full of good times which will forever remain a highlight in our memories. September found us in a panic, as ours was the first assembly program of the year. The success of this "Album of Famous Women" was celebrated by our first social meeting when we were entertained by a side-splitting pantomime.

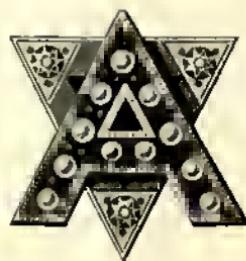

On the third of November we invited the Alumni to a luncheon after which our long hoped for Alumni Association was formed. The following Monday many of us assumed cadet-teaching positions at places well scattered over the globe, but the work of rush was admirably carried on in our absence. The first party was characterized by two of our famous pantomimes, followed by dancing. The program for the second, an A.B.C. Party, consisted chiefly of various games.

In February we entertained our Clio and Ago Sisters, at which time Mrs. Shumway spoke on her teaching experiences in Porto Rico, and Mrs. Everest gave a delightful reading.

In March, our Pledge banquet, held at school, was an event, and the joint dance with the Clios proved to make it more so.

With fear and trembling the pledges met for informal initiation, but we hope that they are still very much alive, and we know that they will strive to carry on the traditions and honor of Alpha Delta.

## THE 1935 CARDINAL

The 1935 CARDINAL Staff has endeavored to create a Year Book that will stand out from those of former years. In order to do this some radical changes in the type and quality of the contents have been made. Chief among these changes have been the addition of more pictorial material with the corresponding reduction of reading matter, and the elimination of the traditional advertising section in the book.

In the second year of its publication, the "Student Prints" has continued the general policy set up in 1933-34. With the capable assistance of the staff and our adviser, Dr. Rorem, the four page paper was issued three times during each semester.

During the year, the "Student Prints" changed from newspaper form to semi-literary form, using the literary efforts of Normal School students as a part of its content. Although the "Student Prints" is primarily a Junior Class enterprise, the editor gave the Freshman members of the staff an opportunity to direct issues of it.

Through the co-operation of the Student Council, the Staff instituted the practice of supplying the paper to every student enrolled, retaining the subscription plan for Alumni and friends of the school.

## MEN'S CLUB

The Men's Club organized last year, exists primarily to assist the boys in their personal and professional problems. It is composed of the men of the faculty and the boys of the school.

At one of the early meetings this year the motion was made that the club start a movement for the revival of basketball, formerly a major sport of the school. A team was formed which made a very creditable record. It is hoped that, with an increase in the enrollment of the boys, the appropriations will be increased and other sports revived.

The men of the faculty tendered a smoker to the boys in March. Dr. Ward gave a very instructive talk, after which a general discussion was held. Tasty refreshments were then served, concluding a very enjoyable evening. Plans are now under way for a return smoker to the faculty.

In the summer of 1931, fourteen Summer School students, together with Dr. Peterson, organized the Rural Club. Now, in 1935 the club has an enrollment of one hundred sixty-eight members.

The club holds one business and one social meeting each month and during these meetings plans are made which result in more and greater activities. This year an excursion through the rural schools of Clinton County, a very exciting magazine contest, a trip through Dannemora State Hospital, a trip through the Republican Printing Office in the wee small hours of the morning and numerous very enjoyable mountain climbs gave the members much worth while information.

## RURAL CLUB

The evening meetings took on added zest with the introduction of such speakers as Miss Sibley, Mr. Gattie, and Dr. McDowell. Dancing and games were also very much enjoyed at these meetings. The first tea dance for the entire student body was sponsored by the Rural Club.

This year the Rural Club has also taken a very keen interest in 4-H Club work. A sewing class and hot lunch class have already been organized with other classes soon to be. The club has recently affiliated with the American Country Life Association, and a delegate was sent to the convention in Washington during the month of November.

It is the custom of the club to have a banquet every year in May. Among the prominent speakers we have had at these banquets are Miss Helen H. Heyl of the State Education Department, Dr. Fannie W. Dunn, Teachers College, Columbia University, and Dr. Charles Butterworth of Cornell. This year Professor Carney of Cornell, has promised to be with us. The history of the club for four years promises even more brilliant things in the future.

LAMRON began its activities this fall under the leadership of Thomas McGrath. New members were taken into the club, who displayed their talent by presenting cuttings from several of Shakespeare's plays, as well as two one-acts. Work was then started on a program for the year.

Shortly after the initiation of the new members the club gave its first assembly program composed of two one-acts, which was thoroughly enjoyed. The members of the club then started to give plays within the club for their enjoyment. These programs were also augmented by speakers from the Plattsburg Little Theatre.

After mid-term the club was taken over by the new president, Ora Lord, and work was at once started on the second "Two-Bits Performance." With the date set as February 27, things began to take form, and on the evening of that day the club presented for public approval three one-act plays entitled "Part Time Job," "Number Five," and "Evening Dress Indispensable." With the success of the public performance the club retired once more to presenting plays within the group and to work on its final assembly program which closed the second successful year of Lamron history.

The Lower Primary Club has successfully completed its third year of existence. The members of this club consist of Juniors and Seniors interested in Primary and Kindergarten work.

During the current year we have enjoyed many social and academic activities which have been beneficial.

In order to accomplish our purpose we have taken part in the following activities:

- An activity program,—painting, modeling, cutting.
- A visit to the Vilas Home.
- Reports on Off-Campus Experiences.
- A Valentine Tea Dance.
- A Fashion Show for our Assembly Program.
- A Participation in Toy Orchestra and guidance in organizing in the Primary grades.
- A Toy Shop Assembly Program.
- A tea to which we invited the city primary teachers as guests.
- A visit to the Children's Home of Northern New York.

The Parnassian Club was organized in October, 1934, by the students who worked in the library. The purpose of the club is to bring together at frequent intervals those who are interested in good books, with the purpose of promoting a better taste for recreational reading. Membership in the club is limited to twenty members.

The charter members were Margaret Bromley, Edith Gregware, Pauline Hillman, Enid Hoff, Henry Lubin, Margaret O'Connor, Hilda Richards, Gladys Soper, Mitchell Tamer, Marian Walton, with Miss Louise Hoxie, faculty adviser.

In January, Eleanor Burke, Reginald Carter, Sarah Clark, Teresa Drinkwine, Roger Duffany, Frances Hale, Ellen Starr, and Virginia Williams were taken into the club.

The club meets twice a month. Book reviews are given by the members. At the assembly program given in November, book reviews were given by Miss Hale of the public library, by Miss Elson of the high school library, and also by Mrs. McFarlane.

"Tis said that "many hands make light work." This was exemplified more than ever this year by the success of the Beaux Arts Ball. The Art Club, sponsors of this annual affair fell to work with a will and made this grand party a decided success. However, let us not be judged by just one good deed.

When the Club met this last fall for its first meeting we were very fortunate in having as our adviser Mr. Knehr. Under his direction we began a unit of leather work. Many very pretty and useful articles have been made, including tooled coin purses, bill-folds, key-holders and book-ends. The Club is planning an exhibit of art pieces which is to be held in the spring. All work is to be done by the members.

We greet the final weeks of our club activities with a pang of regret at the thought of losing many of the friends with whom we have worked, especially Mr. Knehr, who will soon leave us. We sincerely thank him for his cooperation and efforts on our behalf.

From a keen desire on the part of summer school students to print and develop their own snapshots originated the plans for a Camera Club. The conveniently arranged projection room, with running water and a motor-driven ventilator, and conveniences for excluding all outside lights, has served as an ideal dark-room.

The equipment to date consists of several developing trays, graded containers, thermometer, printing frame, projection apparatus for enlarging positives, and an enlarger for negatives.

Several members have constructed inexpensive pin-hole cameras from cardboard and all own or have the use of purchased cameras.

Members are encouraged to photograph school activities and loan any suitable prints to other organizations needing them for publishing purposes. The primary purpose of the club, however, is to teach members the art of photography to the extent of preparing them to make records of their students work in the teaching field.

### THE TOASTERS

The Toasters Club is the "infant" of the Normal club family. It was born in late January of this year, and at this writing, gives promise of developing into a mature and healthy adult.

The purpose of the club is to give its members, in as life-like situations as possible, opportunity to develop and practice the art of after-dinner speaking. Accordingly, every Monday noon finds the Toasters gathering in the private dining-room in the Normal Cafeteria. The first half-hour is given to eating and general socialbility, after which the toastmaster for the day takes charge. The usual program consists of two assigned speakers on selected topics and one impromptu speaker selected by the toastmaster. Mr. Hartman is the club adviser and meets with us regularly, while other faculty members drop in occasionally to spend the noon hour with us.

So, A Toast to the Toasters—"Here's hoping that the links formed in the chain around our festive board may never be broken, and in future years may we look back and say 'there were no blue Mondays at P.S.N.S. in our day.' "

Anything worth while is supposed to come from a long felt need. Such is true of the Hiking Club. Miss Goodridge, our health instructor, knowing the benefits derived from outdoor exercise and especially from walking, started a movement toward the organization of the club.

By the first of October we were an enthusiastic club of fifty members. During October we went on two group hikes and several individual hikes on a mileage basis. On the first Thursday of November, under the capable guidance of Mrs. Miller, Dean of Women, and with the able assistance of Miss Goodridge, we sponsored a Tea Dance. This, our only social affair of the first semester, was well attended and enjoyed by all present.

During the winter months we did not have group hikes, but there were many individuals who took weekly hikes regardless of the weather. Now that spring and summer is before us we are making plans for various hikes, several week-end camping trips, and a general good time.

## **PLATTSBURG STATE NORMAL SCHOOL MIXED CHORUS**

The Mixed Chorus of the Normal School is a musical organization which has a very definite purpose for its existence. It not only affords an opportunity for music as a recreation for those who are interested but also is a medium of instruction as an aid for those who might be interested in forming a chorus in their own school sometime in the future.

The chorus, although not as active this year as it has been in the past, nevertheless has done a creditable amount of work as an organization in the school.

The chorus under the guidance of Mr. Tindall, our new music instructor, gives promise of becoming a favorite activity among the students of the school. It will be with increasing interest and appreciation that we watch the advancement of this organization in the future.

## THE BEAUX ARTS BALL

The Department of Fine and Applied Arts of Plattsburg State Normal School held its second annual Artists Ball on January 25, 1935. The hall was decorated in all colors of the rainbow, with many decorative panels and masks forming a truly distinctive flare.

Ebbie Lamb and his orchestra were enthroned on a large stage at the north side of the ballroom. The Art Department arranged for two specialty dances, the first a Scottish National Dance followed by a Minuet. The colorful costumes used in these dances were vey much in keeping with the spirit of the entire affair.

The costumes of the guests ran the scale from the ridiculous to the sublime. Representatives of nearly all nations and classes of people were on hand. The Grand March looked like a school teacher's dream of a geography lesson of the world. Those chosen for prizes were: Harriette Knickerbocker and Harold Gonyea as Arab girl and Shiek; Ralph Steltzer and Margaret Falcon as Chinese and Japanese; Mary Watson and Thomas Conroy as Robin Hood and Maid Marian; Mabel Riley as a page of the seventeenth century; Ruth Rivers as a Gingham girl; Kathryn Mason as Raggedy Ann; Edmund Merrihew as a rube farmer; Ora B. Lord as a Minstrel end-man; and Gordon Shaw as an interne. The prizes were awarded by Dr. Charles C. Ward, the principal of the school.

Much credit is due to Harriette Knickerbocker and her staff of assistants who worked on the various committees in making this dance one of the most brilliant social activities of the year.

## THE FRESHMAN MID-YEAR HOP

The Freshmen Mid-Year Hop, held in the Normal School Gymnasium on February 22, 1935, was a unique demonstration of what can be done by a class of eager and enthusiastic workers if they want to strive wholeheartedly to excel.

Very delightful music was furnished by Don Charles and his ten piece orchestra from Buffalo, New York. Many varied arrangements were offered during which the entire crowd refrained from dancing to watch the orchestra perform.

The gymnasium was decorated to depict an ice-carnival. Long icicles projected from a ceiling, profuse with blue and white light. Large snowballs and icecakes dotted the scene, with an occasional barren, isolated looking tree.

The only regret of the class was that Dr. and Mrs. Ward could not be there due to a pressing engagement in Atlantic City.

Gratitude is hereby expressed to all members of the faculty who cooperated in this successful social event. Special mention is due Dr. Rorem, the class adviser.

The chairmen of the committees in charge of the dance were as follows: Andrea Aiken, Decorations; Betty Moellor, Invitations; Howard Ingalls, Orchestra; Catherine Foley, Programs.

RALPH STELTZER

## JUNE DANCES

Opinions still differ as to which was the more successful dance in June, 1934, the Junior Prom or the Senior Ball. Every effort was put forth by members of each class to make these dances the outstanding social events of the year.

George King and His Musical Jesters furnished the music for the Junior Prom, and the Seniors had Weede-Meyer's Orchestra of Virginia.

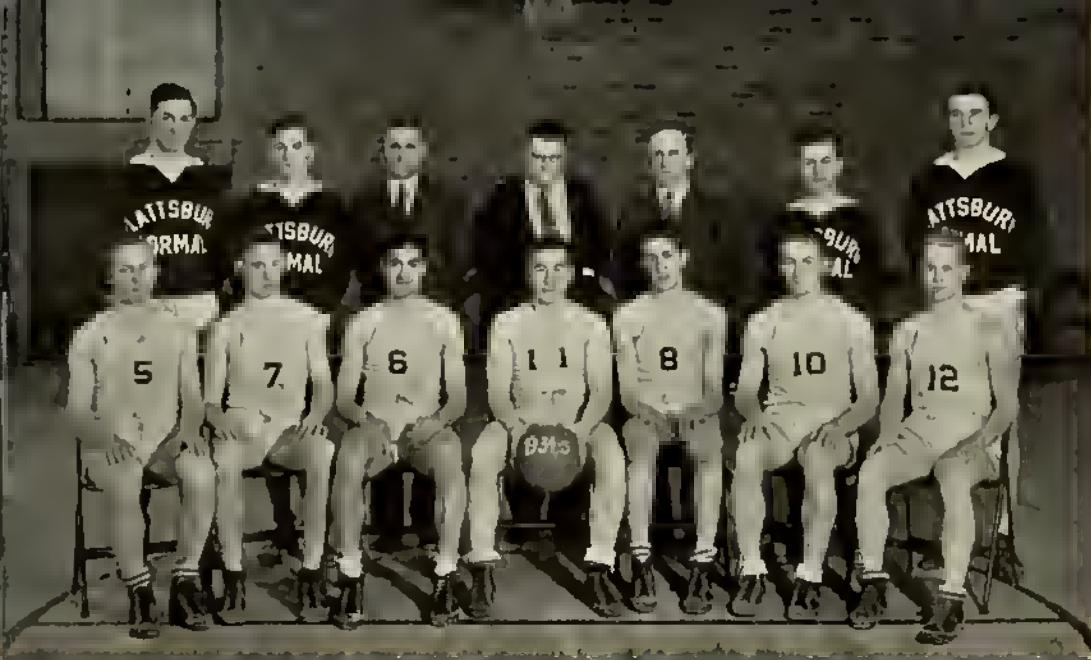

Committees in charge of decorations and refreshments exhibited great ingenuity and effort in rounding out these successful social affairs.

### PLATTSBURG STATE NORMAL SCHOOL BASKETBALL TEAM

After an absence of several years, basketball again took its place as a competitive sport at Plattsburg State Normal School. Through the untiring efforts of Mr. Diebolt and the permission of the Administration and the Student Council, the school was again enabled to be represented on the basketball courts of Northern New York and Canada.

The team of 1935 cannot be considered a great one but it served as a starter in what promises to be a popular activity at the school. Mr. Provost, who was appointed coach, should receive congratulations for the splendid work he did in the short time allotted him.

The season opened against the strong Keeseville Alumni with our team winning in handy fashion. We then went down to defeat at the hands of Potsdam Normal, who again repeated its

victory a few nights later. Stinging from these two defeats the team hung up a decisive victory over the Faculty Five only to be defeated by the powerful 26th Infantry Regimental team. Another by the Regimental team was sandwiched between two victories over the McGill Junior Varsity of Montreal, Canada. The team then closed its season with an easy victory over the Alumni of our school.

We are justly proud of the fact that Walter Gonyea received honorable mention on the All-State Normal School team in recognition of his fine work for our team this season.

## SWIMMING

The Fall of 1934 found the introduction of another sport into the Normal School. Through the combined efforts of Mr. Diebolt and Mr. Knehr the use of the Y. M. C. A. swimming pool was reserved for Normal School men Thursday evenings.

The purpose of this swim period was twofold: first, to give instruction to those boys who wanted to learn to swim or for those who wanted to perfect the strokes they already knew; second, to afford more recreation for those who desired it.

The ten or twelve men who have become interested have felt very much indebted to Mr. Knehr, who is a very able instructor. The students hope that this swim period will become an established activity in the Plattsburg State Normal School, and that more of the students will take advantage of this opportunity.

## SUMMER SESSION

The 1934 Summer Session began on July 2 with two hundred students enrolled, a substantial increase over that of last year. A feature of this session was the addition of several new courses, the chief of which were Practical Dramatics, directed by Mr. P. H. Hartman, Modern Trends in Education, supervised by Dr. A. G. Peterson, and Materials and Unit Activities, directed by Mrs. R. J. Taylor.

Everyone was given the opportunity to enjoy more fully the advantages of the Plattsburgh environment by taking part in the three extra-class trips, sponsored by several departments of the school. The first trip, sponsored by the Art Department, under the supervision of Mr. Charles Brown, was taken to Montreal where many Cathedrals, Art museums and exhibits were visited to gain a greater appreciation of architecture and paintings. The second trip was taken by the English and History departments under the guidance of Mr. P. H. Hartman, Mr. A. L. Diebolt, and Mr. H. O. Noyes. Many places of literary note, such as Stevenson's Cottage at Saranac Lake and John Brown's Farm at North Elba, were visited, as well as historical points of interest at Elizabethtown and the Fort and museum at Ticonderoga. Through the co-operation of Dr. Perry of the Ticonderoga Chamber of Commerce the most interesting points at the Fort and surrounding buildings were pointed out. The third trip was supervised by the Science department under the guidance of Mr. J. H. Russterholtz. Despite the unfavorable weather, a large percentage of the students made the journey to Heart Lake; some to take part in climbing Mount McIntyre which provided plenty of exercise for the majority, some to take a hike through Indian Pass, and others, to enjoy the cool refreshing waters in Heart Lake. The afternoon picnic brought everyone together for an enjoyable hour of socialibility and relaxation before starting home.

Mr. C. W. Brown, the tennis star of the faculty, planned and supervised a tournament for the women lovers of the game. The new court, finished earlier in the summer on the campus provided many interesting and exciting battles for court supremacy. A favorite meeting-place on hot summer afternoons for many of the students was the Municipal Beach on Lake Champlain. The popularity of the beach was realized by the attendance at the Session picnic, held there on the last Wednesday of school. Dr. Ward, Dr. Peterson, and Mr. Brown starred in the softball game, and many "duckings" were furnished by the huge waves rolling in that day. A picnic supper on the beach climaxed a most delightful afternoon of informality and recreation.

## FOOTPRINTS OF P. S. N. S. ALUMNI

### MANY PRINTS ON THE TRAIL

The forty-fourth annual banquet of the Alumi Association of Plattsburg State Normal School was held, last June, in the cafeteria of the new building. Chairman Dr. Sartwell, former president, introduced Dr. Ward to those present and called upon him to speak on the curriculum and new terms in education. Mr. Wallace Pierce gave a very instructive speech dealing mainly with the history of the school.

Alumni officers elected for the coming year were Mr. Francis LaBombard, president; Mr. John Rea, vice-president; Miss Emma Rooney, secretary; Miss Anne Carroll, treasurer.

The banquet celebrating the twentieth reunion of the graduates of '14 living in New York City and vicinity was held at the McAlpin on May 12. All reported an enjoyable evening spent in recalling memories of the past as well as recounting interesting experiences that had occurred since their last meeting. An excellent dinner was followed by a short speech from Jim Mehan. Lucille Day, now Mrs. Clarence Boyle, who wrote the class poem in '14, wrote a short poem for the event which was very well received.
